Your guide to Priority Services

At Electric Ireland, we recognise that some of our customers have special requirements where continuity of energy supply is critically important. If you or a member of your household depend on electrical medical equipment (e.g. home dialysis machine, a ventilator or an oxygen concentrator), please use this form to register with us.

Electric Ireland will not request disconnection of registered Priority Service customers unless asked to do so by you or for fault/safety/maintenance reasons.

To register with us as a Priority Services customer, please complete the form included and return it to us.

Your guide to Special Services

We also acknowledge that some of our customers have vulnerabilities as a result of advanced age, physical or mental health difficulties. We can provide Braille bills, large print or talking bills to visually impaired customers.

If you have a mobility difficulty, please contact us on 0800 313 4926 to discuss your needs.

Electric Ireland will never request disconnection of registered Special Service customers during winter months unless asked to do so by you or for fault/safety/maintenance reasons. To register with us as a Special Services customer, please complete the form included and return it to us.

Special Services – for customers particularly vulnerable during winter months

Electric Ireland requires the below information to record the special requirements of certain customers. The data controller is the Electricity Supply Board, trading as Electric Ireland. Please refer to our Privacy Notice, available at www.electricireland.com, we can also provide a copy on request.

Electricity Account No. (see top right of your bill)
